

BUILDING RELATIONS

Company News & A Little Light-hearted Information from Klæe Construction

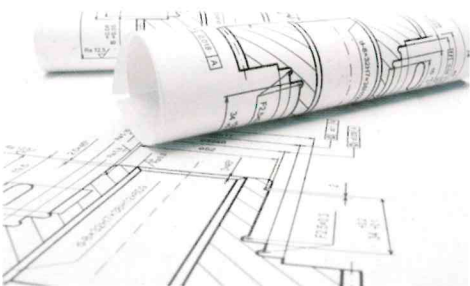

Let Us Help

Whether you intend to negotiate your construction project or award it from a select list of competitive bidders, Klæe Construction wants to help. For more than 30 years, we have been providing general contracting services to private clients, as well as assisting owners and architects with building plan evaluations for constructability, cost and schedule. We are a versatile firm with a diverse base of clientele and experience in constructing:

- Office Buildings
- Banks
- Churches
- Automobile Dealerships
- Supermarkets
- Retail Stores
- Professional Offices
- Golf and Country Clubs
- Manufacturing Facilities
- Warehouses
- Medical and Healthcare Facilities
- Laboratories

Klæe Construction's ongoing commitment to quality and total customer satisfaction is exemplified by our longstanding relationships with our clients.

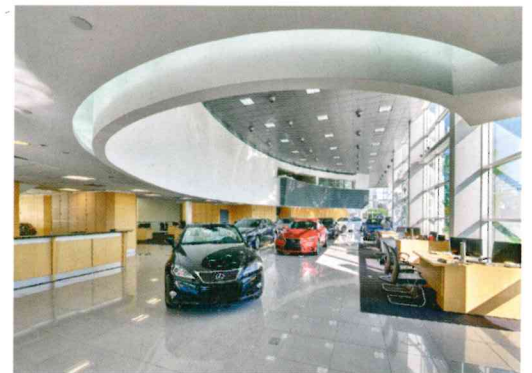

How can we help you? Contact our sales team for any of your commercial/ industrial building or planning needs. We look forward to adding your organization to our list of satisfied customers. Contact: Glen Soleau 973-697-4701, ext. 25 email: gsoleau@klae.com
Mark Triolo 973-697-4701, ext. 30 email: mtriolo@klae.com

Westchester Lexus—White Plains, N.Y.

New Home for Westchester Lexus

Klæe Construction completed the conversion of the BMW of Westchester automobile dealership on Tarrytown Road in White Plains, N.Y., to become the new Westchester Lexus dealership for the Ray Catena Auto Group. The renovations included expansion of the showroom and parts department, modifications to the service garage, extensive interior refinishing throughout all areas and a new façade finish per Lexus specifications. BMW of Westchester moved into a brand new facility right next door.

New Playground For Saint Elizabeth School

Klae Construction completed this addition for the Franciscan Sisters of St. Elizabeth in Jersey City. The 4,700-square-foot addition includes a playground with a parking garage below it. The new parking garage is fully heated, with a directional lighting system to control traffic flow. An elevator was constructed to link the playground to the existing structure.

The playground was built from the ground up and contains stairwells, a handicap ramp, a unisex restroom, and features a rubberized playground surface covering the entire courtyard to ensure the safety of the children playing in the area. The outdoor space also includes a partial peristyle, which serves as a canopy with seating underneath for audiences enjoying outdoor performances in the courtyard. The entire exterior is comprised of soft tile and brick, creating a modern architectural aesthetic.
