

BUILDING RELATIONS

Company News & A Little Light-hearted Information from Klæe Construction

Let Us Help

Whether you intend to negotiate your construction project or award it from a select list of competitive bidders, Klæe Construction wants to help. For more than 30 years, we have been providing general contracting services to private clients, as well as assisting owners and architects with building plan evaluations for constructability, cost and schedule. We are a versatile firm with a diverse base of clientele and experience in constructing:

- Office Buildings
- Banks
- Churches
- Automobile Dealerships
- Supermarkets
- Retail Stores
- Professional Offices
- Golf and Country Clubs
- Manufacturing Facilities
- Warehouses
- Medical and Healthcare Facilities
- Laboratories

Klæe Construction's ongoing commitment to quality and total customer satisfaction is exemplified by our longstanding relationships with our clients.

Prestige Volvo – East Hanover, N.J.

New Look For Prestige Volvo

Klæe Construction recently completed a new addition and renovations for Prestige Volvo in East Hanover, N.J. The first phase of the project was the demolition of the existing showroom, client lounge and the façade. The expanded showroom, which included the client lounge and handicap accessible bathrooms, was then constructed.

The "Volvo Next Face" facility design was used, giving the structure a contemporary aesthetic and the Volvo brand consistency. The owners elected to condense their operation into the remaining half of the building until the first phase was complete. The second phase included the new, expanded service adviser areas. Many areas of multiple addition construction remnants were addressed to provide a free-flowing floor plan for the updated facility.

Mountain View Crossing Atrium Renovation

Klae Construction recently completed an interior renovation at Mountain View Crossing condominium complex in Wayne, N.J. The Atrium includes many new features that create an open, yet cozy, space for the residents at Mountain View. A new gas fireplace surrounded with stone and radiant floor panels provide a warm and inviting space with an innovative, modern aesthetic.

The reclaimed wood beams suspended from stainless steel cables, and the ceramic floor that simulates the wood planking, both contribute to the wonderful space, simultaneously creating a very comfortable living area for all.

The recessed flat screen TV allows for entertainment in the area. The room's décor is topped off with ornamental aluminum railings, oak trim and wall finishes including wall covering, wood veneer and paint, and new wall sconces and pendant lighting. In addition to the Atrium, Klæe finished a complete corridor renovation and upgrade to both buildings for all 465 apartment entrances.
