

Project Profile: Hospitality Wyndham Hamilton Park Hotel and Conference Center

Architect: Gensler Architecture/Design, Inc.

Florham Park, NJ

Wyndham Hamilton Park and Conference Center was in a need of some meeting room alterations and reached out to Klæ Construction, Inc. to assist them with this project. This was a small project that was completed very quickly. Klæ's Project Manager worked closely with Wyndham's maintenance team to make sure that there was little to no inconvenience to their clients and hotel guests throughout the construction process. The 5,000 sq. ft alterations included:

- New heating and air conditioning systems
- New office area configuration
- Acoustical ceilings with LED lighting and daylight harvesting lighting controls
- Wall and floor finishes
- Window treatments

P.O. Box 447, Tidland Road
